**Tyerell Joe Przybycien, Was arrested on the following charges:**

F1 DST 76-5-203

MURDER

MA DST 76-5-112

RECKLESS ENDANGERMENT

**Probable cause for Arrest with out Warrant:**

On 05/06/2017 deputies were called to an area near Maple Lake in Payson Canyon. A turkey hunter had come across the body of a female hanging in a tree by a rope. There were two plastic grocery bags near her body which contained some personal effects. One of those items was a handwritten note stating what her name was, and if there were any questions to watch the video. A black alcatel smart phone was also present, but the battery needed to be charged and it wouldn't turn on. A receipt from a local area store was also present that showed the purchase of some rope on 05/05/2017. The name on the visa card receipt for this rope was Tyerell PRZYBYCIEN. A can of industrial strength air duster was also resting at the victim's feet.

Upon further investigation, I found that the victim had been listed as a missing person by the Spanish Fork Police Department, and was sixteen years old. While still on scene Tyerell PRZYBYCIEN returned. PRZYBYCIEN was initially contacted by law enforcement personnel and then escorted down to our office for an interview.

Upon further investigation I was able to charge up the battery enough to turn on the phone which was found at the scene. I was able to view the video she described in the note left at the scene. You can clearly see the victim with a noose around her neck while standing on a rock. PRZYBYCIEN is heard asking the juvenile to say something. The female victim then inhales a large dose of the industrial strength air duster and loses consciousness. PRZYBYCIEN then continues to film this incident on camera for approximately ten to eleven minutes. PRZYBYCIEN never offers assistance at anytime, and can be heard asking her to move or say something. The victim then expires while he is filming. Under Utah Code 76-5-203(2)(c) it states that acting under circumstances evidencing a depraved indifference to human life, the actor knowingly engages in conduct which creates a grave risk of death to another and thereby causes the death of another. Code 76-5-112 also states that the person recklessly engages in conduct that creates a substantial risk of death or serious injury to another person.

During the interview of PRZYBYCIEN, he confessed to purchasing the industrial strength air duster, purchasing the rope, driving the victim up to the location, helping tie the noose, and filming the incident which resulted in the death of the victim and taking no action to stop it or render aid. PRZYBYCIEN also admitted to investigators with having an interest in watching someone die. PRZYBYCIEN also stated that he too was suicidal and wanted to watch the victim die to see if it was something he could go through with himself. During questioning PRZYBYCIEN also expressed feeling that he was responsible for her death and that she would still be here if he hadn't helped her. During the interview PRZYBYCIEN also stated he was still having suicidal thoughts.

By submitting this affidavit, I declare under criminal penalty of the State of Utah that the foregoing is true and correct.
